The AAIAC workshop offers a two-days' workshop exploring ways and methodologies to achieve the EU AI Act compliance. The objective is to analyse the new legal framework according to a "compliance mode" aimed at professional operators and interested parties of the AI ecosystem. The workshop is conceived as a platform for sharing legal knowledge and compliance practices, based on both academic and practical analysis.

THURSDAY 13 FEBRUARY

Opening

14:00 | "How to Achieve Compliance with the EU AI Act? Issues and Methods"

Marion HO-DAC (Artois Univ.) & Cécile PELLEGRINI (UCLy)
